

Guardian S43-BOS Blackout Screen

Residential Specification Guide

Features:

Ideal for light sleepers and night workers. Guardian Blackout screens provide effective room darkening conditions and privacy, making them ideal for bedrooms, schools, hospitals, offices, photography studios, or home cinema rooms. This blackout roll-up screen simply retracts out of sight when not required. It has a closed top cassette with brushed guide channels to minimise light leakage and ensures there is no gap between the side of the blind and window. Also helps to block draughts and can reduce heat loss. Easy to use and child safe by design with advanced spring control, tailor made to suit your windows creating a seamless, integrated look. Manufactured from high grade aluminium with a durable powder coated finish and available in custom RAL finishes.
