

Guardian S43-DDS Double Door Screen

Residential Specification Guide

Features:

Keeping those bugs at bay – Eco friendly and chemical free! Guardian insect screens are a perfect solution to protect your home from flying insects and spiders getting inside during those hot summer months whilst maximising fresh air ventilation and maintaining excellent visibility. This retractable, roll-aside double door screen has two cassettes (one each side) that meet in the centre. The two discreet 43mm closed cassettes, which are fitted each side, have brushed 40mm top & 22mm bottom guide channels to ensure there is no gap between the screen and door frame. These are held closed with strip magnets and retract out of sight when not required. Easy to use and child safe by design with advanced spring control, tailor-made to suit your doors creating a seamless, integrated look. Suitable for most French door designs. Manufactured from high grade aluminium with a durable powder coated finish and available in custom RAL finishes.
