

Guardian S43-SDS Single Door Screen

Residential Specification Guide

Features:

Keeping those bugs at bay – Eco friendly and chemical free! Guardian insect screens are a perfect solution to protect your home from flying insects and spiders getting inside during those hot summer months whilst maximising fresh air ventilation and maintaining excellent visibility. This manual retractable roll-aside screen simply retracts out of sight when not required. It has a discreet 43mm closed side cassette with brushed 40mm top & 22mm bottom guide channels together with full height magnetic closing strip to ensure there is no gap between the screen and door frame. Easy to use and child safe by design with advanced spring control, tailor made to suit your door creating a seamless, integrated look. Suitable for most single door designs. Manufactured from high grade aluminium with a durable powder coated finish and available in custom RAL finishes.
